➤ The complete solution for your packaging and IML applications
适合包装与IML应用的完美解决方案

➤ The Speed Entry 500 allows high speed simple unloading of packaging parts going up to 500 tons.
Speed Entry 500可实现最高500吨级注塑机包装件的高速简易下料。

Sepro developed the Speed Entry 350 MP in partnership with Machines Pagès and offers innovative high-speed In-Mold Labeling (IML) solutions serving the packaging industry for IMM's up to 350 tons.

Sepro与Machines Pagès合作研制了Speed Entry 350 MP，实现了创新性的高速模内贴标 (IML) 解决方案，完美匹配最高350吨级IMM包装业的需求。

The Speed Entry 350 MP is based on a Speed Entry 500 side entry Sepro robot and integrates Machines Pagès modules for label dispenser, transfer, electrostatic charging and placing in the mold.

Speed Entry 350 MP基于Speed Entry 500侧取式Sepro机械手，并集成一系列Machines Pagès模块，实现铸模内的标签剥离、转印、静电释放与吸附。

Developed with a team of experienced engineers, Speed Entry IML solutions can equip any injection molding machine brands.

Speed Entry IML解决方案由一组经验丰富的工程师倾力打造，可以装备任何注塑机品牌，
